

SELF ADJUSTING AUTOMATIC WIRE STRIPPER

51972

0,25 10 100 800

0,08-6mm

- To strip individual or multiple plastic or rubber cable with sections from 0.25 to 2.5mm².
- Automatic adjustment of thickness of stripping for the different sections.
- In copper and aluminium cables, several cables with maximum section of 2.5mm² can be stripped at the same time.
- Individual cable starting at section 0.25mm² can be stripped.
- It does not cause damage to lead wire.
- High durability.
