

Drilling devices

Tank drilling device STH/TBR/01

Designed for absorbing liquid and gaseous substances from fuel tanks.

> Configuration:

- pneumatic drill
- suction unit
- emission grommet
- spare parts kit

The Innovation of car depollution

Shock absorber drilling device STB/RA/003

Designed for sucking of shock absorber.

> Configuration:

- pneumatic drill
- suction unit with clamping device
- control device with 3- way control
